

On the Green

EDWARD MINER GALLAUDET MEMORIAL LIBRARY
GALLAUDET COLLEGE
WASHINGTON, D. C.

VOL. VII, No. 2
November 21, 1977

OPEN SEASON IS HERE AGAIN

The time to make changes in your health benefit package has arrived. Open season extends through Friday, Dec. 9th. Brochures and change forms are available in Room 4 of College Hall.

On Wednesday, November 30, a Blue Cross/Blue Shield representative will be on our campus to answer any questions about the Service Benefit Plan (Blue Cross/Blue Shield). The representative will be stationed in the Student Union Building outside of the Rathskellar from 11:00 a.m. to 1:30 p.m. An interpreter will be available.

DEAF ACCESS TO THE D.C. CITY COUNCIL

On October 27, 1977, Council Member Nadine P. Winter announced the installation of a TTY in the District of Columbia City Council offices. All calls received will be forwarded to the appropriate Council Member and within a short period of time, deaf residents will be able to receive personal responses. The device has been installed in the Public Services Unit in the D.C. City Government Building.

The first call to the new service was placed by Richard Phillips, Dean of Student Affairs.

Legislation is currently being prepared which will call for the installation of similar devices in other District Government agencies. The new TTY number for the City Council is 724-8118.

PART-TIME TEACHER NEEDED IN ROCKVILLE

A part-time teacher is needed to teach a basic education course (mainly English and math) to a small group of deaf adults. This long established class will lose its teacher at the end of this month. The replacement teacher should be able to sign fluently and be willing to teach two hours a night on Tuesdays and Thursdays. Anyone interested should contact Linda Donnels at the Center for Continuing Education, 575.

ENERGY CONSERVATION

"Each of the nation's 136 million licensed drivers used an average of 2 1/3 gallons of gasoline per day this past summer. August was the heaviest month for gasoline use, using a total of 320 million gallons per day compared to 311 million gallons in July and 319 million gallons in June.

The 31.7 billion gallons of gasoline used during the 100 day summer peak driving period is more than twice the energy needed to produce all of America's crops for an entire year."

***All of our Energy Conservation messages are brought to us by James Hull, Energy Conservation Coordinator for Gallaudet.

HONORING OUR OWN

Recently Elmer Tapscott brought me a weathered piece of an old ON THE GREEN which listed all Gallaudet employees who had been with the College for more than 10 years. Marcia Lindley, from the personnel office, has compiled an updated list to help us honor these staff persons. Because there are now 141 employees on this list we will begin by naming those persons who have served Gally for 25 years or more. In subsequent issues we will be listing all 141!! Thanks, Mo, for bringing this to my attention.

--Leon Auerbach	33 years
--Francis Higgins	29 years
--Donald Padden	32 years
--Donald Peterson	25 years
--Richard Phillips	25 years
--Mattie Shell	31 years
--Harry Townsend	26 years
--Frank Turk	25 years

DID YOU KNOW...

that Chapel Hall is among 27 sites that have been granted Federal permission to display the U.S. flag 24 hours a day?

Due to weather and wind our maintenance men replace the flag once every 30 days.

POSITIONS AVAILABLE

SECRETARY I: Office of the President
NIGHT SUPERVISOR: MSSD (Permanent)

THE DEPARTMENT OF HEALTH, EDUCATION AND
WELFARE.

ON THE GREEN is published each week by the
Office of Alumni and Public Relations for
the faculty and staff of Gallaudet College.

Janet L. Bailey

AMONG OURSELVES

--Gil Eastman participated in a workshop
panel entitled, "The Play and the Players." x
Gil presented a paper called, "Symphony
for Deaf Artists" at this workshop which
is part of a program on the Arts and the
Handicapped sponsored by the Chicago Council
on Fine Arts and the National Endowment for
the Arts. The panel was held on November
14, at the Arts Institute of Chicago.
--Bill Varrieur was the guest speaker at
the Civitan Club of Springfield, Va., at
their annual dinner for principals,
supervisors and school board members.
Bill spoke on the Education of the Deaf
at this November 1st meeting.

FOOTBALL TEAM FINALLY SCORES

The Bison gridiron men notched their
first victory of the season last Saturday
against Virginia Commonwealth University
by a score of 16 to 12. There is one game
left against Newport News and the Gallaudet
football team will try to end the season
on a winning note.

SOCCER- The soccer team concluded their
season on Homecoming Day with a 2-1 loss to
American University but overall the Soccer
team finished the year with a record shattering
8-4-1 standing. This is the best record ever
by a Gallaudet soccer team and coach Marty
Minter had nothing but praise for his team.
Good work, men!

ORCHESTRA FOR THE HEARING IMPAIRED

Ruth Bender, a Chevy Chase pianist, folk
singer and composer is interested in working
with hearing impaired individuals who are
either experienced musicians or skilled
amateurs with the hope of beginning an
orchestra for the hearing impaired. If you
are interested call 589-3713 after 10:30 a.m.

NEWS REVIEW NOT TO BE SEEN THIS WEEK

Due to the Thanksgiving holiday NEWS
REVIEW will not be taped. It will return,
however, filled with action packed news next
week. Be watching!!

HAPPY THANKSGIVING TO ALL!
